REFERENCE ITEM: Structure of Material.

REFERENCE: 1. Weight Limitation Concerning the Movement of APPARATUS
ITEMS
2. NAME-732 as indicated.

1. In furtherance of our conversation of this date concerning a means for insuring that employees with this Project do not exceed the weight limitation established for the movement of their personal effects, we should receive the following information from both Headquarters Material Section and the [] Material Location: 25X1

Plumace should be informed by name of individual the weight moved on his behalf and the cost of each movement. This information should be furnished in each instance and specifically for the purpose indicated and should be in addition to any data furnished in support of accounting rendered by either [] 25X1

2. Your attention to establishing the above as a requirement at the earliest practicable date will be appreciated.
